Index to Wallaces' Farmer and Iowa Homestead

Volume 69 JANUARY TO DECEMBER, 1944, INCLUSIVE Numbers 1 to 26

General Index

AAA activities reduced, 263
allots oil meals, 11
and New Deal, split over, 682
committee change brings protest, 517
Democrats not blind advocates of, 512
Ed O'Neal's recommendations about future of, 349
income tax, forward pricing, views on, 917
Iowa farmers show majority for, 576
Iowa farmers want, 642
meeting to decide on food goals, 864
nearer throne, WFA shake-up moves, 87
parity payments, 643
pay for seeding, 560
permits from, to purchase corn, 332
to extension, give, 349
wheat planting beyond goal levels discouraged by, 602
Abort, sell sows that, 636
sows that, should be sold, 124
Abortion, contagious, whip with vaccination, 158
Accidents caused by trying to save time, 123
farm, take heavy toll, 461
Acorns, don't let milk cows have, 585
Acres or prices, control, 165
Alcohol, grain used for, 830
Alfalfa draws heavily on reserve moisture, 520
hay for sows, 123
hay good for brood sows, 86
hay, good, for meal-grinding, reserve, 412
in same field, maximum time is three years for, 520
meal important in hog rations, 805
pasture can be mowed for hay, 469
reseeding usually wasted effort, 220
seeding in fall, advantages of, 517
should not be mowed, when, 597
sow in August, 517
sows need, 889
stand, number of plants for good, 220
when to cut, 408
American Soybean Association Convention, 678
Soybean Association, newly elected officers of, 678
"A" mileage slip, don't lose, 760
Ammonium nitrate, time to apply ,13
Anemia in pigs, soil treatment for preventing, 835
Animal death loss averages, suggestions for decreasing., 637
Animals, dead, reduce farm income, 637
Apple varieties, early, suitable for Iowa, 270
worms, to destroy, 220
Argentina harvests more corn, 389
Arms, legs, still on, 548
Army, When John gets out of the, 665
August, important farm work for, 520
Auto prices, used, are now controlled, 492
sales, used, controlled, 562
Back, don't go, 786
Bacteria count low in milk, keep, 265
Baler, pick-up, used to save straw, 470
Ballot, federal, for soldiers, 128
send Joe his, 569
Bang's, cost of, is in millions, 23
disease in hogs can slip up on you, 636
disease, program for totally eradicating, 548
disease, suggestions for cleaning up, 685
disease, whip, with vaccination, 158
in cows, control, 685
vaccination only for calves, 548
vaccine for calves, 825
Barbed wire keeps hogs from crawling under woven wire, 301
Barley vs .wheat in hog feeding, 13
Barn cost, add labor to, 88
Battle between administration and congress, Iowans' opinions on, 40
Bean growers get meal first, 759
Bearing, Pitman, may cause broken mower, 412
Bearings, disk, check before time for field work, 178
Bedding, chopped, is more absorbent, 743
for hogs, corn fodder makes good, 42
Beef cattle, ranges full of, 166
Producers, Iowa, re-elected officers, 128
subsidy to encourage heavier marketing of cattle, WFA may boost, 256
Belt splices tear out on side bearing most tension, 271
Belts, leather and rubber, on a pulley, how to run, 543
Binders, grain, with smooth-edged cycle best for handling flax, 469
Bins, steel, not good for ear corn, 835
Black, Dr. John D., answers farm questions, 298
Blacksmith shop goes to farms, 831
Blakely succeeds Bane in Wool Growers, 120
Bloat, suggestions for preventing, 377
Blue grass pasture should rest in June, 412
Boar in service should be fed carefully, 835
Boars, big, pigs inherit tendency of, 758
hybrid, coming, 834
Books and bulletin, 6, 12, 358, 371, 462, 484, 596, 700, 745, 798, 809, 823
Boom busts, when war, 429
land, is already here, 178
land, try to check, 89
Borer belt, all Iowa in, 515
Borers, corn, harbored by late corn, 684
corn, in fodder may hatch out, 700
cut corn close to thwart, 677
strike in surprise attack, will, 204
Bots in horses, treatment of, 13
Boys come back, when the, 245
Breed cows, when to, 440
late to settle cows, 383
Breeding, artificial, 445 farmers approve, 336
Breune, Fred K., new trustee of Iowa State College Agricultural Foundation, 490
Bricker, they don't agree with, 576
Bricks loose on chimney top, two indications of, 758
Brooder houses are fire hazards, 220
Brucellosis is contagious, 124
ways of spreading, 636
whip, with vaccination, 158
Bug killer, army has new, 561
Bugs, does your soil have lots of, 358
don't grow in cool milk, 628
gather nitrogen, 257
Building cost restrictions, 919
planning new, suggestions when, 123
Bull, damage by neighbor's, 887
for ten cows, can't keep a, 336
gold watch, leased for artificial insemination, 681
is never perfectly safe, 334
prize, more daughters for, 681
Burns, John C., judge at Market Fat Stock and Carlot Show, 830
Butter and oleo, test, 23
land (map), 178
received by Rusian army, 5 per cent of, 810
subsidy, creamery men ask for higher, 782
supplies may be lower than year ago, 540
Butterfat and milk receipts should be taken to county AAA office, 42
pay is up, 219
payment up one cent, 48
vs. whole milk in feeding pigs, 830
Button-weed named worst of all, 208
Buy, that's what we'll, 457
Calves, hand-fed, what to feed, 543
started right, getting, 787
Canada thistle and Jennie can be whipped, 208
thistle, soybeans good smother crop for, 356
Cannibal sows, bad rations produce, 264
Capital gains taxed, half of, 181
Car, used, tests to make before buying a, 549
Cars that don't smoke, buy used, 549
Cash, get more, for meat and dairy products, 558
Castration mortality rate higher in older animals, 334
Cattle, buy, for grass, 302
come slower, 759
cull out, now, 470
feeder, should be unloaded in daylight, 758
feeders day at Ames, 383
feeding coming back, 688
feeding looks up, 23
feeding, statements by Rex Beresford on, 441
feeding up slightly, 871
fewer, on feed, 83
Hoffman, win at Kansas City, 759
market, says it's time to, 545
more, to feed-yards, 688
new feeder, feeding and care of, 710
new feeder, need rest, 710
numbers, continual gradual reduction in, 734
on feed down, 583
on feed down again, 358
sale, top, at Chicago, 830
selling is on, looks as if, 688
which should be culled out, 545
CCC to offer loans, 680
to pay parity later, 680
Ceiling of $14.75 for all hog weights, 643
Chains, drive, on sprocket wheels, correct way to run, 334
Chicago Market Fat Stock Show, winnings at, 901
Stock Show dates fixed, 410
Chickens and hogs eating together, two bad results may be produced by, 700
flying, how to stop, 270
on farms this year, 20 per cent fewer, 643
Chicks, pigs, fewer, recommended, 404
Chimneys to be repointed, mixture for, 700
Cholera, hog, can steal corn crop, 861
hog, vaccinate healthy pigs for, 440
Chores easier, makes, 802
Chute, shoveling (diagram), 737
Clothing, work, we should get more, 521
Clover make seed, will, 521
red, June is month to pasture, 412
second-crop, may be worth more for seed, 520
seed crop, indications of paying, 521
stands, new, suggestion for, 543
yield increased by fertilizer, 701
Coal now, buy, 543
Cockerels should be sold before they get staggy, 700
Combine cylinder, sieves and fan carefully, set, 492
save beans, does, 632
Compensation for unexhausted improvements, 744
Concrete, amount of water for making, 520
good, can be made in winter, 861
Contour farming, questions and answers on, 677
lines, some guessed at, 466
rows hold soil, 109
Contoured rows yield more corn, 25
Contouring and strip cropping, begin, 732
experiences of different farmers, 252
farmers eight to one for, 264
Contours, Jefferson on, 563
Cooper, Clinton J., awarded watch for prize bull, 681
Copperas recommended for anemia in pigs, 303
Corn and alfalfa use manure best, 703
and bean acreages, Iowa, 124
and cob meal safer for starting cattle, 907
and hog prices, how to protect, 786
and oats, farmers economize on, 294
Argentina harvests more, 389
borer control, 704
borer, control methods for, 578
borer damage over 4 per cent, 313
borer parasite, release, 704
borers, bigger per cent of fields infested with, 515
borers in the silo will be killed, 700
borers, some stalks had 35, 578
can be sold by measure, 36
ceiling to hold, 317
cobs, ground, good litter for poultry house floor, 86
crib, even filling is better for, 758
crib, suitable braces and ties for, 700
cribs for high-moisture, 619
cribs, how to place ventilators in, 758
crop debated, 734
crop is U. S. largest, 761
crop, new, may sell at dollar, 674
crop prospects, 541
crop, soft, various methods of disposal of, 672
cultivate, proper time to, 412
cultivation, late and deep, delays maturity, 469
cut close to thwart borers, 677
didn't plow sod for, 721
dollar, makes fertilizer pay, 46
dollar, will spoil, 214
double yield of, 689
drying with heated air, cost of, 861
ear, in the crib, to measure, 334
ear, may shrink a bushel in seven, 778
ear, shrinkage, 778
fields, newly husked, dangerous for cattle and horses, 758
five bushels more, on level rows, 25
fodder for roughage depends on protein content of grain ration, 758
fodder makes good bedding for hogs, 42
freeze ends soon, 439
freeze, how to end, 376
freeze order, opinions on, 332
goal for next year may be down, 760
green, move elevator spouts for, 758
had 33.4 per cent moisture Oct. 10, 800
high-moisture, warm weather endangers, 377
high-moisture, needs watching, 214
husking, clean, important with high-moisture content corn, 758
hybrid, particularly adapted to northern Iowa, 689
kernels, round, produce as much as flat kernels, 835
kernels, two, not enough; five is too many, 285
late, harbors most borers, 684
less, to yearlings, 441
loans higher, 864
moisture content, test for, 758
more, 47
of poorest quality, feed first, 861
picker, acres per, 800
picker casualties, how to avoid, 805
picker, refrigerator, 817
picker supply in Iowa, 810
picker, we'd like a, 841
pickers work best, when, 758
planted, fight weather to get, 397
planter heels, worn, disadvantages of, 270
planter roll of check wire, how to protect from rust, 377
planting, problems of, 409
price, to support, 680
prices may sag, 848
replant, best time to, 412
roots live, where, 440
rows cut in half, width of, 728
rows, ridging, is good practice, 412
rows ten feet from pasture fences, 377
sales, army demands more, 340
shelled, from molding, suggestion for keeping, 520
shelled, stops air circulation in crib, 758
shrinkage, Dec. to Sept. (chart), 778
soft, give plenty of air, 619
soft, mold and rot, don't let, 672
soft, ventilators for, 703
some, will be hand-husked, 800
stalks per hill, kernels needed to produce, 334
stalks, plant food in a ton of, 180
stalks per row, yield determined by number of, 377
supplies get tight again, 256
sweet, will cross with field corn or popcorn, 377
to make clean, 382
try to get more, 308
volunteer, in beans looks bad, 597
volunteer, lowers grade of beans, 597
waxy, replaces Indies tapioca, 893
why not, they took my son, 332
won't pay to hold, 48
yield, big, on 20-inch rows, 728
yield dependent on number of kernels planted, 285
yield test, wins, 122
yield, to test, 636
yield winner in Illinois, ten-acre, 128
yields big in Illinois test, 178
yields increased by crop rotation, 689
Cotton acreage may be ahead, big shift in, 896
and wheat at parity levels, WFA plans to buy, 674
farmers, if, raise hogs, 896
growers urged to refuse to sell, 602
Coulters, plow, how to set, 270
County liable, is the, 855
Cow numbers, milk, 760
Cows are bred, write down dates, 86
are not ostriches, 638
beef, not kept to raise calves, should be sold, 907
breeding, feed for, 42
dairy, in milk, amount of grain for, 758
dairy, producing five or more gallons of milk, care of, 805
dairy, see better feeding of, 626
extra dairy, may be handicap to adjustment after war, 602
old and off-quality heifers will probably bring more money now, 485
on grass, how net income may be increased for, 520
stay in heat, length of time, 543
Crash come, must a, 325
Cream, ropy, cause of, 567
Creeping Jennie, soybeans good smother crop for, 356
Crib biting, cure for, 361
Cribs for high-moisture corn, 619
Crop adjustment received by AAA, amount of, 87
goals about January 1, 734
insurance comes back, 860
insurance may be reinstated by congress, 128
rotation pays excellent dividends in corn yields, 689
rotations, discuss, 514
Crops burn, what's wrong if, 218
Custom rates for farm machinery operations, 348
Cutter-bar on combine should be in good repair, 730
Cyclone, rains, hit planting, 411
Dairy Association hears report, 181
Association officers, 181
Exposition, 4-H, 626
feed subsidy, survey shows views on, 8
feed subsidy thru Feb. 17, 10
income high, ways to keep, 325
income up, keep, 275
industry, big problem facing, 628
production high, try to keep, 734
Dampness and dust twin evils in farrowing pens, 700
DDT new chemical formula for killing insects, 561
Death loss in farm animals, suggestions for stopping, 637
loss of heifers and calves, to reduce, 42
Debt, national, your share of the, 637
Democracy reborn, 484
Democrats write postcard plank, 521
Depression coming, how soon is post-war, 899
Dewey, Iowa farm vote favors, 624
leads Roosevelt in farm vote, 784
on farms, 810
outlines his farm program, 780
Disease prevention, daily observation for, 907
Disk instead of plow, 172
jointers save labor, 259
Ditches can be stopped, 265
stopped by level farming, 252
Dividends, can pay patronage, 45
Door, flexible, hanging, to keep pigs warm, 86
Draft, more farmers in, 225
Drafts in laying house cause egg shortage, 42
Drain is nuisance, when, 361
road, damage by, 887
Draw-bar, hitch to, when pulling tractor load, 220
Drouth dairy payments being made, 602
due any time, 798
pay to dairymen, 562
Dust and dampness twin evils in hog houses, 700
Ear-mark pigs, says Pemberton, 560
Egg cases may be scarce again, 700
prices more support, to give, 308
producing, feed with needed nutrients in proper balance necessary for, 907
production still high, 760
shortage caused by drafts in laying house, 42
Eggs causing WFA worry, 860
fertile, develop germs at 68 degrees, 440
in milk remedy for calf scours, 469
more, by pullets than old hens, 301
Election made changes in agricultural committees, 830
poll predicts, 882
Electrical equipment, Iowa REA families have big post-war buying program ready for, 686
equipment needs, 457
Electricity for brooding chicks, cost of, 271
not used on 97,000 Iowa farms, 810
Erosion, tons of soil lost by, 711
Evans tells prospects in world after war is over, 38
Eveners, directions for making, 301
Ewes, bred, should have good hay, 907
pregnant, phenathiazine for worms in, 220
Fair dates, district, announced, 512
Fairs ahead, dates for, 615
FAO, broad objectives of, 583
Farm and home week at Ames, Feb. 7 to 11, 87
articles will be snowed under if left lying around, 835
Bureau debates roads, taxes and schools at convention, 865
Bureau Federation, date of, 810
case to Republicans, present, 318
costs compared in World Wars I and II, 355
help, hints for training inexperienced, 220
if you are buying a, 562
income and prices paid for farm products in World Wars I and II, 355
income in 1945, 643
income in 1945 will probably recede, 734
Institute proceedings, can get, 212
is worth, figure what your, 898
land, government, army continues selling, 512
management, better, increased earnings in, 835
news briefs, 87, 128, 602, 643, 760, 810, 830
planks discussed in Washington letter, 512
prices, possible, 824
production in two years (chart), 294
products, Washington wonders about less demand for, 540
program, favor progressive, 512
program when war ends, will we need a, 298
real estate values, upward movement in, 512
Security, revise, 314
views on disposition of war plants, 547
vote, 882
will the boys come back to the, 245
work, rates up on, 348
Farmer committees are favored, 210
Iowa, does double duty, 167
Farmers expect, what, 899
Iowa, have cut second mortgage indebtedness, 760
sold out, why, 222
think, what, 917
visits English, 297
Farming, level-row, is contagious, 732
methods, differences in, Iowa soldier in England reports on, 584
what's ahead in, 38
Farms, Iowa, work done by farmers and their families on, 87
more, on high-line, 893
renting, for variable rent, 303
sales, of, tax on, 708
Farrowing pen guard rails, proper position of, 301
sign for sow, 270
time for sows, to determine, 270
time of cows, 835
times of sows, 835
Federal Farm Land Bank of Omaha paid dividend, 760
Feed, budget the, for dairy cows, 712

bunks for fattening cattle, care of, 907
cost for producing hogs, 469
dry, to grass in one day, shock to animal's digestive system, 301
for growth, 1
for livestock, haul week's supply of, 861
grain acreage goal still high, 824
lots, mud in, stops gains, 825
must waste less, 279
needs, WFA promises minimum, 294
racks with tight bottoms save feed, 835
saved with big pig litters, 121
saved with scoop shovel, 260
savers for 1944, 44
shortage leads WFA to urge cutting down livestock numbers, 404
supplies too scant for livestock on hand, 212
supply situation problem, tightening up, 404
wasted by parasites, 132
water and shade important for pigs in hot weather, 440
yards, paved, save feed and prevent disease infection, 469
Feeders, buy now, or wait a while, 541
buying, Heline's advice on, 441
day at Ames set for June 2, 383
few, coming to corn belt, 404
Feeding, cattle, looks up, 23
floors, cement, care of, 86
of dairy cows, see better, 626
slows down, 294
Fence cost, must share, 855
troubles may be averted by occasional staple, 543
Fencing, must renter do, 887
spring, work for wet days, 270
Fertilizer, Garst recommends complete, 162
increases clover yield, 701
order should be filed soon, 42
pay, dollar corn makes, 46
should be stored in dry place, 86
storage, hints for, 907
what kind of, 179
Fertilizers go farther with planter attachments, 46
Fever, undulant, four ways of fighting, 158
undulant, sows often spread, 317
Fichter, Joseph W., comments on price ceilings, 643
Fields, square, why tear up your, 676
wet, keep cows out of, 180
Fire alarm for farm home, 359
fighting equipment, essentials of, 683
hazards, brooder houses are, 220
Fires, farm, annual loss due to, 271
farm, destroyed 40,000 farm buildings, 683
Fixtures, can tenant take, 887
Flax handled more easily with smooth-edged cycle, 469
Flood water coming, I heard the, 500
Floor, cement, how to square forms for, 597
Floors below parity, 881
large cement, should be built in sections, 485
Flu checks pig gains, 738
hog, causes of, 805
in pigs, symptoms of, 738
season, open sheds best for, 738
Flues, defective, may cause fire, 271
Flush sows before breeding time, 821
Food allotments for extra farm help, 516
consumption increases per salary earned, 361
goals, fail to meet, 263
more, 780
per capita consumed before and during war-time, 214
sharing, 217
stocks, how big are, 760
storage, tight, Washington debates, 340
subsidies and inflation control, 596
subsidy debate is reviewed, 596
to Europe, what kind of, 356
why people eat more, 361
Four-H dairy member, Iowa's champion, 830
Frost dates, killing, in corn belt, 221
hit, when will, 619
threatens in cave, use lantern if, 42
Frosted sudan may kill animals, 680
Fuel saved pulling two machines behind tractor, 301
scarcity, possibility of, 414
Funds to divert post-war surpluses, congress must supply more, 582
Funk, Eugene, Illinois, dies at 77, 917
Fuses, electric, precautions to take when replacing, 271
Garden crops now, store, 702
spots too close to trees, disadvantages of, 220
Gardens, plowing fall, 843
Gasoline coupons, new plan considered for, 25
Germans and Japs incurably war-like, are, 833
Giesken, Joe, writes about war experiences, 548
Gilts and sows for spring litters, how many, 857
Godfrey, George, Master Farmer, dies, 120
Gophers, trapping for, 317
Goss of Grange talks about post-war, 881
Grain bins, before filling with new grain, clean, 485
bins should be painted white, 220
drills from clogging, to keep, 220
feed, supplies, 760
new, for laying hens should be introduced gradually, 805
to save all the, 492
yields increased by lime, 85
Granary, ever-normal, Iowa farmers show majority for, 576
Grass and most weeds, stirring ground slightly may kill, 412
quack, kill with rotary hoe, 413
quack, soybeans good smother crop for, 356
seed may be good cash crop, 254
seed, time to sow, 42
select, to fit the soil, 204
sudan, may be planted in spots too late for corn, 412
sudan, not too late to sow for pasture or feed, 469
Grasses, mixed, do best, 489
Grease cups, fitted with Zerk or Alemite fittings, easier to lubricate, 220
cups on farm machines should be kept full of grease, 861
Grubs bore holes in cows' backs, 23
Hardware disease kills cattle, 638
Harvest brigade, Iowa men help with, 712
Hatchet may cause death, 42
Haul for neighbor, may I, 887
Hay, best, for hogs, 123
cattle like to run to a stack of, 42
drying, length of time for, 412
feeding value of U. S. No. 1 and No. 3, 597
for calves, young grass better, 543
mow, hot spot in, 469
pulleys, how to oil, 377
seed prices to be supported, 219
soy, high in protein, 596
up cleaner, how hay loaders pick, 469
will ignite at 210 degrees, 440
yields expected to be good, 376
Haying time, have carrier and rope in good condition for, 377
Head or block on tractor, cold water may crack hot, 271
Help, farm, opinions on, 29
Hemp acreage to be cut, 83
Hendrickson, Roy, deputy director of UNRRA, 87
Hens, laying, don't like sudden change of grains, 805
laying, which lose weight rapidly, probable diseases of, 835
old, more likely to have T. B. than pullets, 301
sell one out of four, 864
Hickenlooper and Blue are in the lead, 679
is ahead, 467
High-line, more farms on, 893
Hired man should have, what the, 850
man, that, 29
men, take time off for, 640
History repeat, will, 639
Hoffman Bros. win cattle and hog grand championships again, 901
cattle win at Kansas City, 759
Hog ceiling down to $14 at Chicago, 331
ceiling price prospect $14.75, 643
